British Qualified Mechanic / Uniauto SL is an insurance-approved crash repair centre in Lanzarote. We handle accident-damage assessment, insurer-ready estimates, body repairs, replacement panels and components, paint refinishing and final repair checks.

Whether the damage is a bumper, wing or door repair, or a more involved accident repair, the vehicle is documented properly and the repair plan is explained before work proceeds.

[et_pb_text text_text_color=â?•#333333â?³ text_font_size=â?•18pxâ?• text_line_height=â?•1.7emâ?•]

1. Damage assessment: The vehicle is inspected and the accident damage is photographed and documented.

2. Written estimate: An itemised repair estimate is prepared for the customer or insurer.

3. Approval: Where the repair is being handled through insurance, work proceeds once the required authorisation is in place.

4. Repair and refinishing: Damaged components are repaired or replaced and the vehicle is refinished as required.

5. Final inspection: The repair is checked before the vehicle is returned.
